RE: City Hall closure to the public

The City of Red Lodge has decided to take extra measures to make our customers and employees as safe as possible. Until further notice, our lobby will be closed to the public.

Operations within will continue as normal and all departments will still be reachable by phone. Utility payments will be accepted during this time by card over the phone, through mail, or via the mail slot in our west door. |

If you are experiencing difficulty paying your bill due to financial hardship caused by the COVID-19 virus, please call City Hall at (406) 446-1606 option 2 to make payment arrangements. As an extra measure, late fees on utility accounts for the month of March will also be waived. This will include late fees and shut-off notices fees.
