Some Robertson Draw Fire Evacuation Orders Lifted

Red Lodge, MT (June 16, 2021 8p.m.) Evacuation Orders are still in place for North and South Grove Creek, Gold Creek, Ruby Creek and Robertson Draw east to Highway 72.

All other evacuation orders and evacuation warnings have been lifted. This does not include the USDA Forest Service Recreation Residences in Corral Creek, Spring Creek, Snow Creek, and Sheep Creek. We encourage residents and visitors to be vigilant and be aware of the situation and your surroundings.

If residents in areas still under evacuations need to return to their homes briefly, they may do so with a Sheriff deputy escort. Please contact the Sheriff's Office at 406-446-1234 to make arrangements.

All Custer-Gallatin National Forest Service lands south of Point of Rocks in the Rock Creek drainage are closed. This includes trailheads, campgrounds, dispersed camping areas and the USDA Forest Service Recreation Residences in Corral Creek, Spring Creek, Snow Creek, and Sheep Creek. This is in addition to the closure area encompassing the Line Creek Plateau.

The Beartooth Highway (US Hwy 212) is still open.

The sheriff confirmed that 8 major structures and 13 secondary structures or outbuildings were lost in the fire. The sheriff's office is working on notifying these property owners at this time.
